

**Date:** DD/MM/YYYY

### **To Whomsoever It May Concern**

This is to certify that Mr. Keith Adams was an employee of our school, Island High School, in the capacity of a Mathematics teacher for grades 6 – 8, from June 2007 to May 2011.

Apart from teaching, Keith was also the founder of the Mathematics club in our school that helped develop innovative ways of grasping this subject for students who were slightly weaker in it. This club also helped students prepare for quizzes and competitions that involved Mathematics. Keith has always been an enthusiastic individual who has elicited a similar response from his class as well. What was most impressive about Keith as a teacher was his unique approach to teaching a subject that a lot of children seem to dislike. The performance of his students has remarkably improved since he first started teaching them.

We can safely say that we were extremely satisfied with his teaching abilities. As unhappy as we are with the loss of such an excellent teacher at our school, it also gives us great pleasure to state that Keith will be a valuable asset to any school he joins, and wish him luck in his future endeavors.

Thank you.

Sincerely,
